

Ice Cleaning Environmental Limited is committed to its dedication in implementing environmental awareness throughout its activities.

Ice Cleaning Environmental Limited intend to promote the highest practicable standards of environmental protection, recycling and to minimise the effects on the surrounding areas.

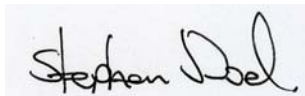

The Policy:

- ◆ Provide Environmental advice.
- ◆ Make the Environmental policy available to all.
- ◆ Comply and be made aware of new legislation, regulation and follow relevant industry codes of practice.
- ◆ To use resources and materials effectively and reduce waste.
- ◆ Implement regular environmental audits on the effectiveness of materials, waste and update procedures accordingly.
- ◆ Compiling environmental statistics for regular review.
- ◆ Consultation with the staff seeking active support and participation with environmental matters and recording information.

Key Responsibilities:

Ice Cleaning Environmental Limited board are accountable for Environmental matters. Operational Managers are responsible for environmental performance within their areas.

The objectives of this policy may only be achieved with the co-operation of all employees, who have a duty of care to take responsibility for the environment and must ensure that the impact on the environment is kept to a minimal.

Steve Noel
Managing Director.
